Agenda 2063
Zambia is among 31 African countries to have shared their first national progress report on Agenda 2063's first Ten-Year Implementation Plan. The first-ever continental report assesses progress made at the national, regional and continental levels towards achieving Africa's developmental goals. The report was launched at the 2020 January AU Summit by President of Côte d'Ivoire, Alassane Ouattara.

African Biosafety Network of Expertise
Establishment and strengthening of biosafety and security systems in 17 countries, including Zambia.

Eradication of TB and prevention of occupational lung diseases in vulnerable population
» A total of 11 occupational health service centres providing TB screening and diagnosis services, HIV testing; silicosis screening and diagnosis; and links of ex-mine workers to compensation funds are now operational in eight countries, one of which is in Zambia.
» Cross-border disease surveillance zones (e.g. on cholera, foot and mouth disease, leptospirosis and rabies suspected outbreak) were established to support surveillance along the shared borders of a Southern African countries, including Zambia.
» Data was collected in Zambia on the potential role and value addition of the private sector in controlling TB.
» The performance of laboratories in Zambia was improved through a peer regional assessment and laboratory certification audit.

Food Safety and Quality Management
» Strengthening institutional capacities for the development and implementation of effective food safety control systems.
» To integrate nutrition and food safety in the CAADP national agriculture invest plans (NAIPs), initial technical support was provided to four countries, one of which was Zambia.
» Guidelines for cross-border harmonisation of food safety standards and regulations were developed for Zambia.

Inclusion of indigenous food in Africa's nutritious food basket
A knowledge compendium of integrated best practices and approaches for inclusion of indigenous food in Africa's nutritious food basket was developed from 12 countries, including Zambia.

Strengthening Africa Medical Health Regulation
» Domestication of AU Model Law on Medical Products to improve access to safe and high quality medicines.
» 28 countries, including Zambia, are at different stages towards domesticating the AU Model Law on Medical Products. 14 Member States are implementing the Model Law.
» 160 medical products were successfully registered through a collaborative medicine's registration process between Southern African countries, including Namibia, Zambia and Zimbabwe, named ZAZIBONA.

Launch of Integrated Irrigation and Agri-Industry Initiative
16 countries, including Zambia, will be supported to operationalise programmes at field level. The initiative aims to foster public-private collaboration along the agriculture and food systems value chain.

Elaborating Scope and Baseline
» A detailed appraisal of national and regional industrialisation policies and plans.
» 33 national and four regional industrialisation policies/plans in COMESA, SADC, EAC and ECOWAS (including Zambia) were appraised. The report will be launched in 2020.

Job creation toolkit for infrastructure projects
The PIDA job creation toolkit was launched. The toolkit estimates, amongst others, direct, indirect and induced jobs in job years during the preparation, construction and O&M phase.

Policy and regulatory frameworks for PIDA projects
The status of cyber security was assessed in 13 countries, including Zambia.

Agriculture System Improvement
» Enhancing the development and implementation of National Agriculture and Investment Plans (NAIPS) to fast-track modernisation and productivity of Agriculture.
» Enabled seven countries, including Zambia, to undertake a country scoping analysis and held country-level stakeholders dialogues to develop and implement NAIPs.
» Zambia received technical support in reviewing and drafting their NAIP.
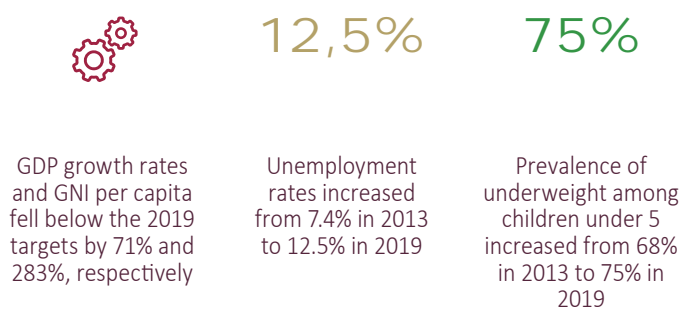

Zambia on Implementation of Agenda 2063

Performance Assessment

14%	28%	8%	33%	0%	7%	0%	Overall Score 14%
Aspiration 1	Aspiration 2	Aspiration 3	Aspiration 4	Aspiration 5	Aspiration 6	Aspiration 7	

Areas where significant progress has been made

Increased the proportion of the population with access to safe drinking water from 65% to 86.4%, surpassing the 2019 target

79% of eligible population with HIV/AIDS accessing anti-retroviral therapy, achieving 65% of the 2019 target

58%

Proportion of women who have access to sexual and reproductive health service increased from 30% to 58%

Areas where progress has been slow

GDP growth rates and GNI per capita fell below the 2019 targets by 71% and 283%, respectively

12,5%

Unemployment rates increased from 7.4% in 2013 to 12.5% in 2019

75%

Prevalence of underweight among children under 5 increased from 68% in 2013 to 75% in 2019

Areas of Support to Accelerate implementation of Agenda 2063

- Increasing employment and entrepreneurial opportunities especially for women and youths

- Reducing the incidence of HIV and sustaining increased access to ART

- Increasing generation capacity of sustainable energy

- Reducing the prevalence of underweight among children under-five

- Reducing neo-natal mortality rates
